To Whom It May Concern,

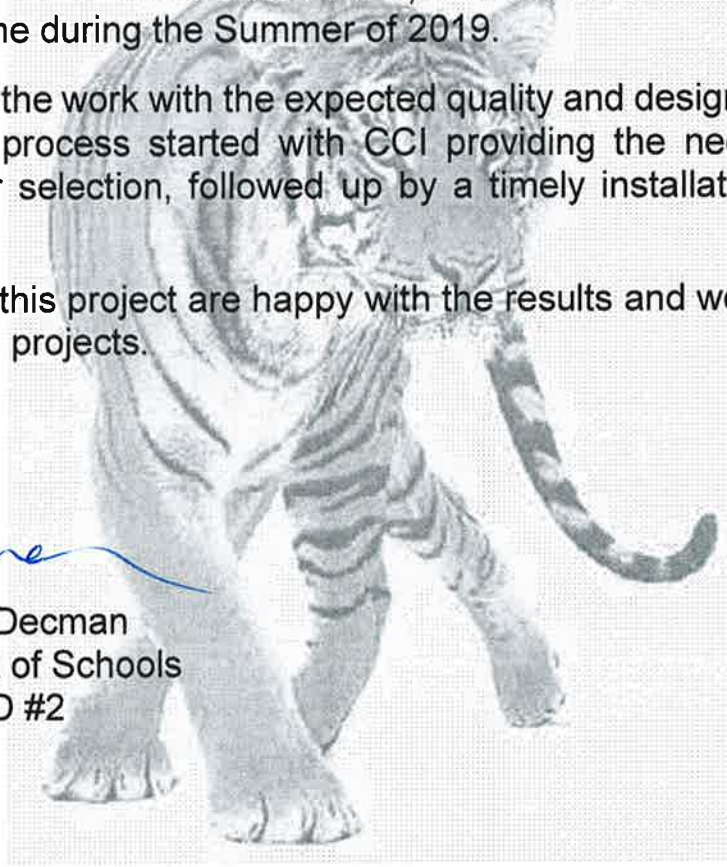

CCI Flooring, Inc. was selected as the Terrazzo Contractor for the installation of Terrazzo for the renovation project at our Limestone Middle School, which is located at 963 North 5000 Road West, Kankakee IL 60901. This cafeteria project was done during the Summer of 2019.

CCI performed the work with the expected quality and design intent that was intended. The process started with CCI providing the necessary sample plates for color selection, followed up by a timely installation to meet our schedule.

All involved on this project are happy with the results and would use CCI on future Terrazzo projects.
