

Re: CCI Flooring Letter of Recommendation

To Whom It May Concern:

Skender Construction is currently with CCI Flooring in an extremely challenging construction environment at Northwestern Memorial Hospital. CCI is contracted to complete epoxy poured flooring in the patient bathrooms on campus.

Since being brought onto the team, Bob Bauer and his team have displayed the utmost professionalism in all aspects of their business. Their office is diligent and accurate in their documentation – from proposals, to pricing requests to pay applications. Furthermore, and perhaps more importantly, the handoff of information from office to field is crisp and complete.

The field staff at CCI equals the professionalism of the office. The foremen we've been working with know the products inside and out and any important communication held with our superintendents is usually followed up with an email. This is helpful in ensuring that all parties are on the same page and the proactive approach is appreciated by our team.

We would highly recommend CCI Flooring for any project, and feel they would be an asset to any team working in the healthcare environment.

Should you have any questions or wish to discuss further, please feel free to contact me.

Regards,

Re: CCI Flooring Letter of Recommendation

To Whom It May Concern:

Skender Construction is currently working with CCI Flooring in an extremely challenging construction environment at Northwestern Memorial Hospital. CCI is contracted to complete terrazzo flooring in the patient bathrooms on campus.

Since being brought onto the team, Bob Bauer and his team have displayed the utmost professionalism in all aspects of their business. A big obstacle was getting a color match to the existing terrazzo which CCI handled in a timely manner. Their office is diligent and accurate in their documentation – from proposals to pricing requests to pay applications.

Furthermore, and perhaps more importantly, the handoff of information from office to field is crisp and complete. The field staff at CCI equals the professionalism of the office. The foremen we have been working with know the products inside and out and any important communication held with our superintendents is usually followed up with an email. This is helpful in ensuring that all parties are on the same page and the proactive approach is appreciated by our team.

We would highly recommend CCI Flooring for any project and feel they would be an asset to any team. Should you have any questions or wish to discuss further, please feel free to contact me.

Thank you,
